

Problem Statement No: 13 – Fitness Buddy AI: AI-Powered Personal Health & Fitness Coach

The Challenge

In today's fast-paced world, many individuals struggle to maintain a healthy lifestyle due to a lack of personalized fitness guidance, busy schedules, and inconsistent motivation. Traditional fitness solutions often require expensive subscriptions, personal trainers, or fixed workout plans that fail to adapt to individual fitness goals and changing needs.

The Objective

Develop an AI-powered Fitness Buddy using IBM BOB, IBM watsonx.ai Runtime, IBM Cloud, and Python Flask that generates personalized workout plans, recommends healthy meal suggestions, provides motivational fitness guidance, and helps users build healthy habits through an intelligent conversational AI assistant.

Technology Used

- IBM BOB
- IBM watsonx.ai Runtime
- IBM Cloud (Lite Plan)
- Foundation Model: Meta Llama 3.3 70B Instruct
- Python Flask
- HTML, CSS, JavaScript & Bootstrap
